What Do I Miss Most About The Good Old Days

Many teachers responded in various ways and some helped us re-capture the old days by giving us a glimpse into the future. Some of the pictures on the following pages are of the teachers themselves and some are of their children. We hope you will enjoy this addition.

Respect for authority and adults! . . . Geraldine Garner

Street cars, no air pollution and you knew exactly where you were going . . . Bettie Pharis

I miss the students who could enroll in school without first having to go to the office and pay for a lost book or some other fine . . . Mary Sprawls

Respect . . . Syble Hatcher

Friendliness and courtesy. Also a sincere interest by the students in obtaining the best education possible. They took as many difficult and challenging courses as they could. Today the seniors care to have only the minimum credits required for graduation. So therefore many students graduate with no marketable skills. No one wants to give them a job and they are very poorly equipped to go to college . . . Jo Allen

Time to know people . . . Reggie Reynolds

Courtesy and respect for each individual. A warm type of friendliness and humaneness . . . Daisey Whittaker

The old-fashioned summers of my country childhood . . . Gloria Blakney

Students with a desire to learn . . . Vernon Humble

Having to carry my own water bottle . . . Ken Howard

Once arrived at Fair Park, the good old days are here again . . . Mr. Hayes

Nothing . . . Barbara Gewin

Playing high school basketball . . . Johnnie Garner

I miss the various activities that I participated in at Southern University as an undergraduate . . . Phyllis Garner

Big white house with front porch swings and the conversations that held families together, people no longer have time to listen to each other . . . Martha Christian

Cheap prices . . . Mrs. Clark

The students' attitude in school and in education . . . Mr. Bunch

Being able to eat a hot fudge sundae and not worry about calories, paying \$1.50 to go to the movie, Mickey Mouse Club and Howdy Doody, wish my daughter could watch these . . . Debi Alexander

Yes, the college days were the good old days. I miss sitting around talking with my friends after classes were over. We really had fun just being around each other. Now we have graduated and all gone separate ways . . . Glenda Allen

My senior year in High School when I hated to depart from my friends . . . Johnnye Green

Moving at a slower pace and less noise . . . Mary Atkisson

Happy shining faces . . . Tip Akins

My youth . . . Gerald Ressinger

The good ol' days . . . Primous Howard

Optimism about the future . . . Paula Johns

Oh, I could really enjoy making high grades and harassing the teachers, or taking test and allowing my friends to copy the wrong answer . . . Jasper Jordan

Good assemblies, school spirit, everyone proud of their school and doing their best . . . Alice Knost

The "Bad ol days" . . . John Kelly

5¢ cokes from coke machines . . . Carol McInnis

"Nickel ice-cream cones" . . . Maxine Mayo

Can-cans, candy bars for 5¢ and the "good times" in the band . . . Beatrice Maxile

The good opinion and concern students used to demonstrate toward their school and their own personal educational development . . . Col. Malone

Europe . . . John Mulloy

29¢ a gallon gasoline . . . Bettye Mitchell

I miss drawing water from the well and taking a bath in a wash tub in the kitchen . . . Pardue

Annual field day activities . . . Nettie Pamplin

Lower prices, good movies . . . Pat Paul

The respect for tradition and the quiet peaceful times . . . Lynda Phillips

Time to relax and enjoy life at a leisurely pace rather than rush, rush constantly . . . Linda Singley

Stockings with seams, once I learned to keep them straight they went out of style . . . Dorothy Strawder

Although I would not really like to relive those "good ol days" I do sometimes miss the carefree, innocent, fun-filled world of my tomboy days . . . Margaret Thompson

"Can-cans" and "The Platters" . . . Jean Ware

Fast cars and cheap gas . . . Ronnie Warren

More than anything I miss the good family "get togethers" and the less hectic life when friends and relatives could visit often. The large family gatherings provided a closeness with cousins, aunts, and uncles, etc. that my children have missed . . . Louise Watts

How can I balance books and stay on this horse at the same time?

I'm trying to teach English the best I can.

I may not win a D.E. award but I sure am cute. Right?

The Old And

When I grow up I'm going to take kids to the opera whether they want to go or not.

Everybody needs to read a book once a week, right?

Pooey on Home Ec, just bring on the groceries.

7 & 7 = 14
6 & 6 = 12
I think.

When I grow up I'm going to teach English.

That's my mommy on the left, not as cute as me though.

I don't want to be on Mommy's Pow Wow staff, whatever that is.

The New Faculty

Do I look like a goofy Psychology teacher? Well I am.

Hot Dog! I'm so glad I'm not teaching American History or Civics like mommy.

Maybe if I wear this pretty dress to school I can become Pow Wow sponsor.

R.O.T.C.

The letters R.O.T.C. stand for the Reserve Officers Training Corps. Here at Fair Park the Junior R.O.T.C. is designed to emphasize personal discipline and citizenship. It is teaching young people military skills such as the manual of arms, map reading, and the proper use of weapons.

The Junior R.O.T.C. offers students the opportunity to develop leadership skills which can prove to be very helpful in the future. There are a large number of students participating in this program at Fair Park and hopes are for an even greater membership in the future.

The Junior Varsity: These are young men who will fill the places left empty by the graduating varsity seniors. A few have already seen some varsity action and will see much more in the 77-78 season. The offense under Coaches White and Burns, with the defense under Coaches Alexander and Kelly had an outstanding season.

76 — Tribal Life — 77

In the previous seven pages Sequoyah has captured the various faces of students doing their thing around the reservation. It has been a pleasure to present this section for the student body and faculty to enjoy. Tribal Life has been a reflection of another year in the history of Fair Park High School and Sequoyah was there.

One Bell System. It Works.

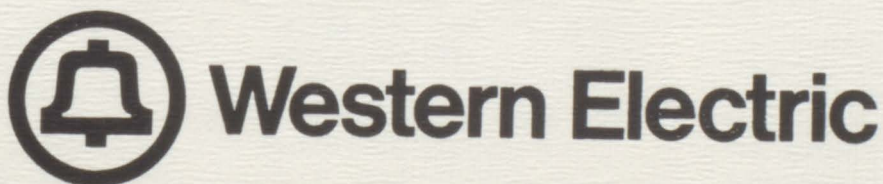

When you stop and think about your day-to-day life, you probably spend more time communicating - and being communicated with - than any other single activity.

The textbooks you read, your teachers' classroom presentations and, for that matter, all of education is really just communications. Add to that newspapers and magazine, radio and television, your conversations with friends and the letters you write and we think you'll agree that communications is a big part of your life.

And . . . don't forget the telephone. If you're at all like most students, you probably spend at least an hour each day communicating by telephone with your friend.

Chances are, the telephones you use each day were made right here. The Shreveport Works makes over five million a year for South Central Bell and the other Bell System telephone companies.

Bell Laboratories designs them. We build them. The Bell telephone companies install and keep them working. We're all part of a team - the Bell System team - working together to bring you and your friends the best in telephones and telephone service.

It has been an honor to be the Sequoyah Editor for 1976-77. There was a great deal of work involved in the project and I would like to thank the staff for doing their part. Thanks are in accordance for the patience and understanding shown by Mrs. Paula Johns our Yearbook Sponsor. Also the helping hand given by Mr. Chuck Fowler, our publishing company representative, will not be forgotten.

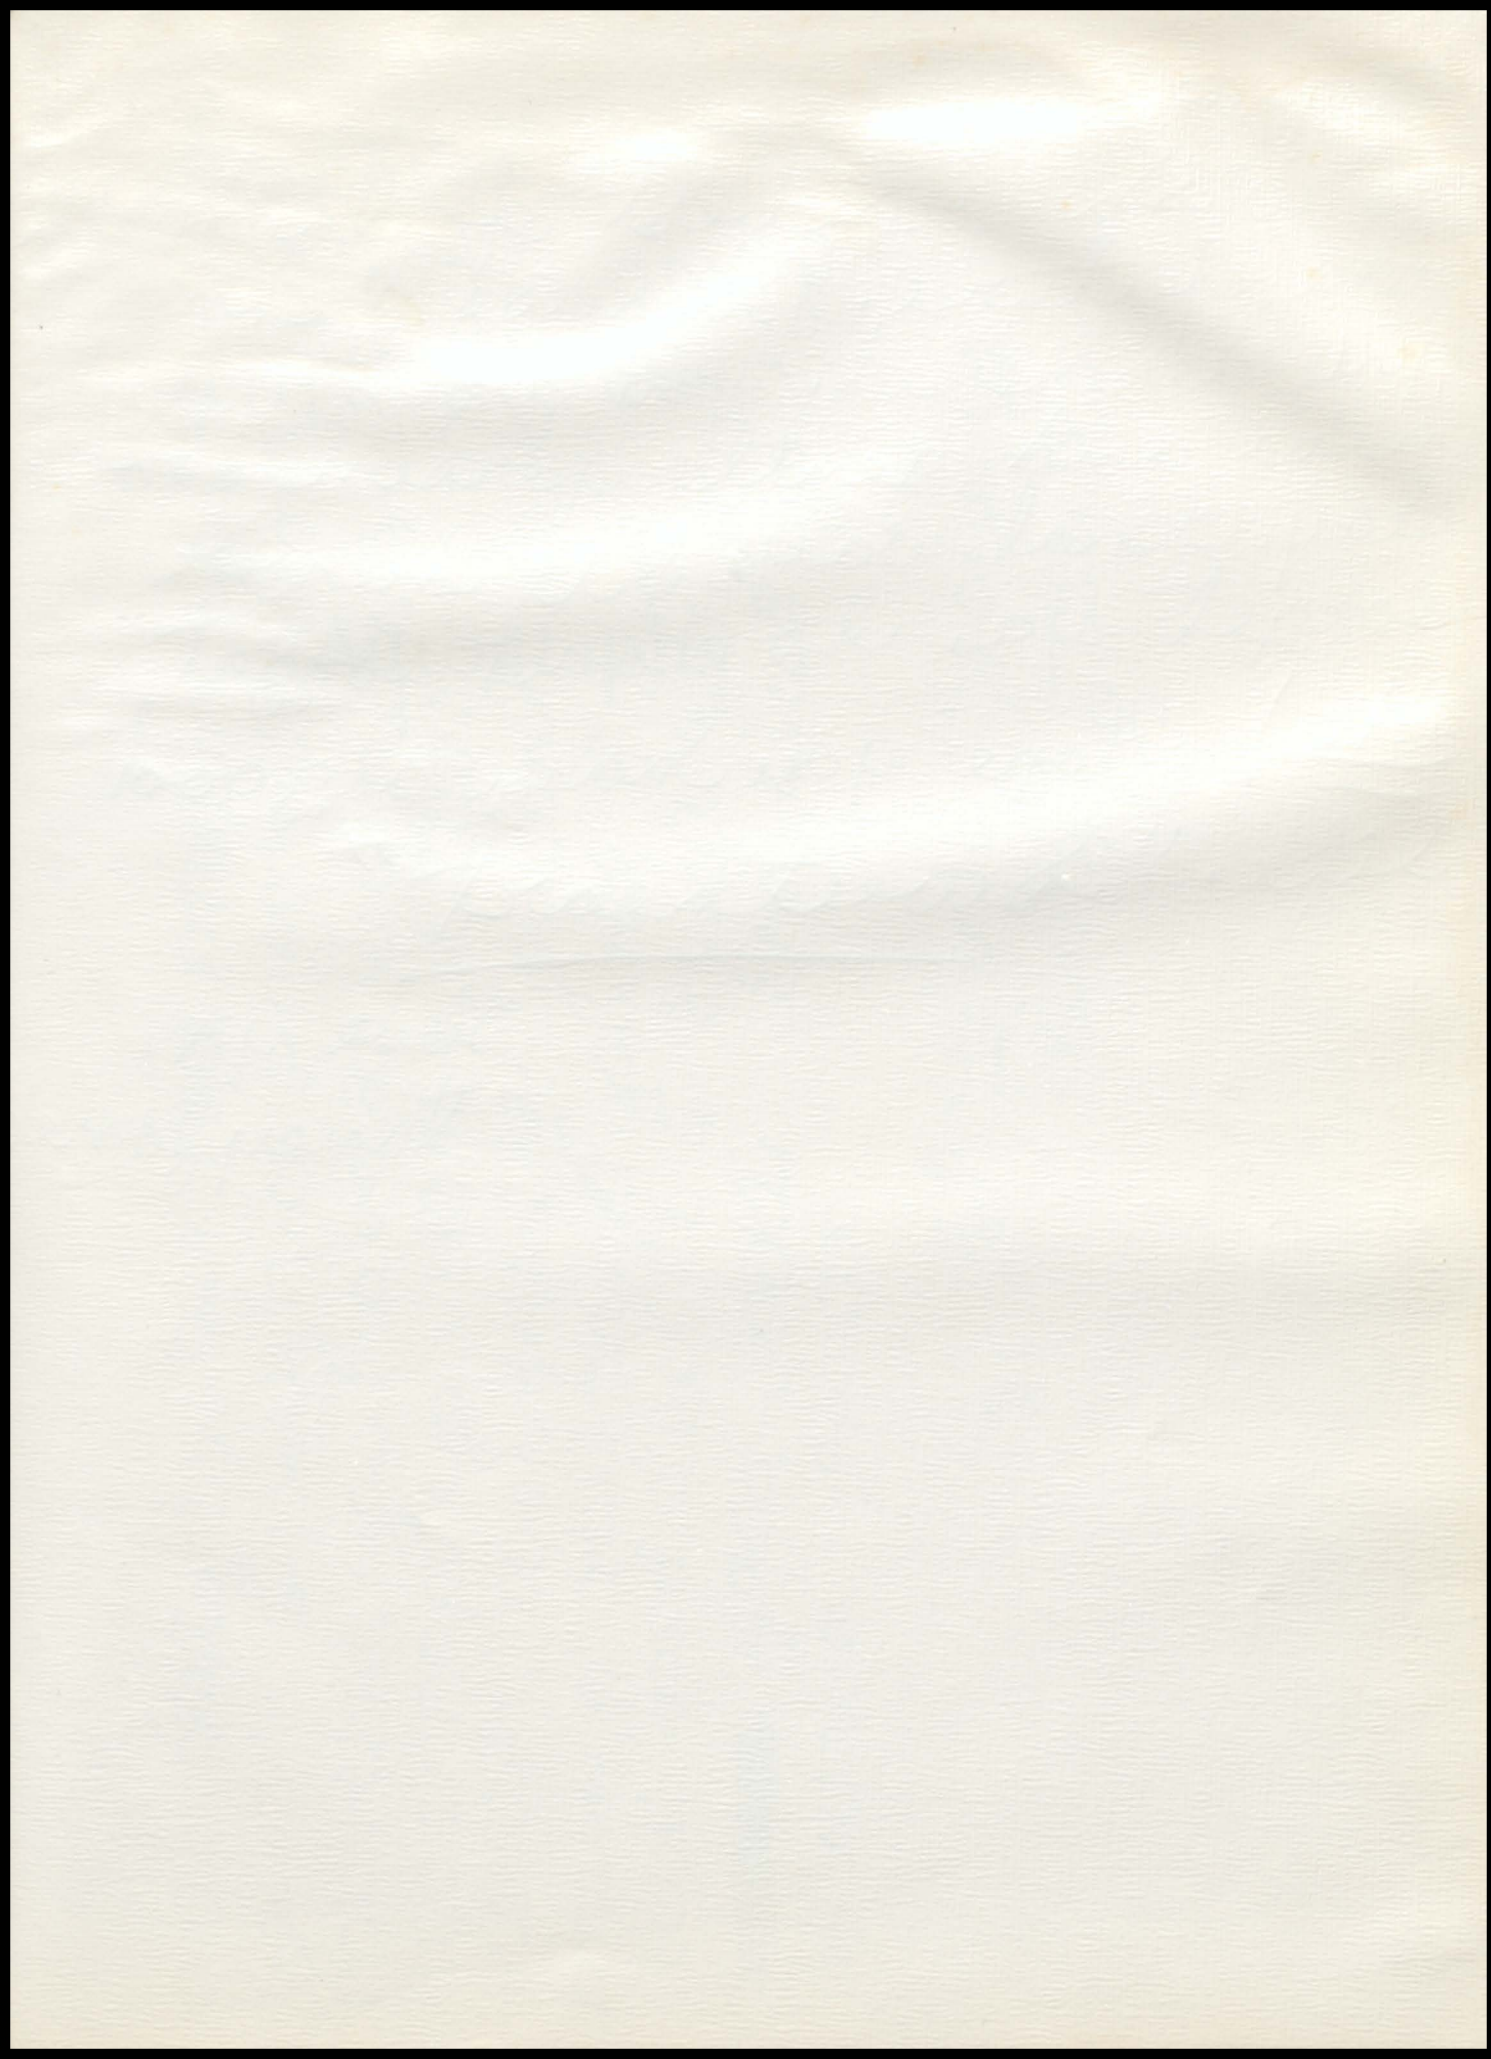

It has been a pleasure to capture the action forever on paper. As each of us looks back on the way things were, I hope this book will bring back those cherished memories. Remember once again, "a yearbook never forgets."
